Good Methodists Must Not

Amusements.

Conference Decides That They Are
Antagonistic to Vital Piety and
Pernicious to Youth.

LOS ANGELES, Cal., May 27.—By the decisive vote and nay vote of 441 to 188 the Methodist general conference this afternoon decided not to make any change in the church discipline in the matter of prohibited amusements. The question is one which has agitated the minds of the delegates to the present general conference perhaps more than any other single problem that has been before it.

The question came before the conference today in the report of the committee on the state of the church on this subject. There were two reports. The majority report recommended as follows: "Your committee declines to recommend the striking out of the specified amusements from paragraph 218 of the discipline. It recommends that the following paragraph be inserted in the discipline under the chapter on special advice:

"Improper amusements and excessive indulgence in innocent amusements are serious barriers to the beginning of the religious life and fruitful causes of spiritual decline. Some amusements in common use are also positively demoralizing and furnish the first easy steps to the total loss of character. We, therefore, look with deep concern on the great increase of amusements and on the general prevalence of harmful amusements and life up a solemn note of warning and entreaty, particularly against theater-going, dancing, and such games of chance as are frequently associated with gambling, all of which have been found to be antagonistic to vital piety, promotive of worldliness especially pernicious to youth.

"We affectionately admonish all our people to make their amusements the subject of careful thought and frequent prayer, to study the subject of amusements in the light of their tendencies, and to be scrupulously careful in this matter, to set no injurious example. We advise them to remember that the question of a Christian must often be, not whether a certain course of action is positively immoral, but whether it will dull the spiritual life and be an unwelcome example.

"We enjoin all our bishops, presiding elders and pastors to call attention to this subject with solemn urgency in our annual and quarterly conferences and in all our pulpits, and on our editors, Sunday-school officers, Epworth league officers and class leaders to aid in abating the evils we deplore.

"We deem it our bounden duty to summon the whole church to apply a thoughtful and instructed conscience to amusements, and not to leave them to accident or passion, and we affectionately advise and beseech every member of the church to avoid absolutely the taking of such diversions as cannot be used in the name of the Lord."

Rev. Dr. James M. King, chairman of the committee on state of the church, offered the minority report as a substitute for the majority report.

Majority Report Adopted.

The conference limited the speeches upon this proposition to five minutes. Nearly a score of speeches were made on both sides before the previous question was ordered.

On a call of the roll the minority report was voted down by 441 to 188. Applause followed the announcement, and while Bishop Spellman in vain rapped for order, the conference arose and sang "Praise God, From Whom All Blessings Flow."

The majority report was then submitted to vote and adopted by practically a unanimous vote.

GREAT SHOWING BY COUNTRY SCHOOLS

Closing Exercises in Granite Tabernacle Witnessed by Tremendous
Outpouring of People.

HUNDREDS braved the downpour and enjoyed the exercises of the annual commencement of the Salt Lake county schools yesterday. The exercises took place in the new and imposing Granite state tabernacle, which was surrounded by vehicles and horses, the county's population having seemingly driven in to encourage the youth of the district schools. The interior was packed and the stand seats taken up entirely by the bright-faced and more brightly-colored young folks. Great applause followed the introduction of Victoria Reed and Lillian Gray, who stood first and second respectively in the examinations. These two girls also gave interesting papers during the programme. County Superintendent Ashton gracefully presided and the address of R. S. Young of this city contained just enough grave advice and genuine humor to make it appeal most strongly to all. The programme began at 10:30 and the diplomas were awarded by 2 p. m. The programme followed: Greeting Song—Pupils of District 47, Butteville. Invocation—Frederick Schoenfeld, Trustee District 22, Brighton. Welcome to Parents—Nora Griffiths, District 22, Union. "A Mother's Influence"—Luther Fuller, District 30, Mill Creek. Class Song—Pupils of District 40, River-ton. "Value of Study"—Melissa A. Buteman, District 27, East Jordan. Club Drill—Pupils of District 29, Sugar. Class Song—Pupils of District 24, Murray. Culture Study as a Promoter of Happiness and Successful Life—Lillian Gray, District 25, Murray. "What Education Has Done for Women"—Mabel Cook, District 28, Taylorsville. Instrumental Music—Pupils of Districts 25, 26 and 40. The Public School as a Moralizer—Victoria Reed, District 28, Mill Creek. Class Song—Pupils of District 21, West Jordan. Valedictory—Lorin Peck, District 46, Granger. Address to Graduates—B. S. Young, member Board of Education, Salt Lake City. Class Song—Pupils of District 40, Farmers' ward. Presentation of Certificates—R. W. Ashton, County Superintendent of Schools.

Black Cat Guards Body of Master

Piteous Cries of Animal Causes People
to Go to Room Where
Dead Man Lay.

NEW YORK, May 27.—Through the piteous crying of a black cat Mrs. Rose Collins was attracted today to the room of Henry Adlers, 60 years old, where she found him dead in bed with the cat on guard by the body. Adlers was separated from his wife, his only companion for years being a black cat, to which he was greatly attached. He was last seen alive on Saturday.

The cat retained its place at the head of the dead man even after a policeman was placed on guard.

Saw Babies Thrown in Furnace

Doctor Who Told About Horrors
on a Baby Farm Held With-
out Bail.

PHILADELPHIA, Pa., May 27.—After short deliberation the jury in Criminal court No. 2 has returned a verdict of guilty against David F. Mosier, tried for malpractice. Sentence was suspended pending a motion for a new trial. Bail was denied.

Mosier, who was known under aliases and as "doctor," was the witness who testified against a woman who kept a baby farm and who was charged with making away with infants entrusted to her care. It was he who declared he had seen babies thrown into a furnace in the woman's home. It was alleged that he was a member of an alleged syndicate of baby farmers.

No More Appeals to Be Entertained

Neither the President Nor Secretary
Moody Can Be Reached Over
Head of Medical Board.

WASHINGTON, May 27.—Several matters of importance were considered at the cabinet meeting today. It was decided, on the suggestion of Secretary Moody, that hereafter neither the President nor the Navy department would entertain appeals from applicants for admission to the naval academy at Annapolis from the decision of the medical examining board. Heretofore it has been a practice of such applicants as were declared by the medical board to be physically disqualified to carry their cases to the President or the Navy department in the hope of having the decision of the board overruled.

Secretary Taft presented some of the reasons for bringing to the United States of a delegation of between forty and fifty high-class educated Filipinos. The better class of Filipinos felt that in the exhibit of natives at the St. Louis exposition the population of the islands was not represented fairly as the Filipinos at the fair were composed largely of representatives of the wild and uncivilized tribes.

Secretary Wilson of the Department of Agriculture reported the discovery of the ant in Guatemala with which it is hoped to eradicate the boll weevil.
